Product description

Necromunda: Ironhead Squat Prospectors Gang

This multipart plastic kit allows you to build your own Ironhead Squat Prospectors Gang, including a Charter Master and Drill Masters to provide stern leadership and powerful weaponry. This set of 8 miniatures has been designed to provide you with a wide variety of equipment, options, and cosmetic components, so that each member of your gang can be unique.

The set includes:

- 8x bodies in four unique designs, each wearing protective mining suits with a variety of accessories like scanners and grenades, to be assembled as you see fit
- 10x heads in five different designs
- 10x headlamp helmets in five different designs and 2x fully-enclosed helmets, each compatible with any of the heads
- Weapons aplenty! 2 Ironhead heavy stubbers, 2 Ironhead autoguns, 2 Ironhead boltguns, 4 Ironhead bolt pistols, 2 Ironhead auto pistols, 2 Ironhead stub guns, 2 stone burners, and 2 power hammers

This set comprises 128 plastic components and is supplied with 10x Citadel 28.5mm Round Bases. These miniatures are supplied unpainted and require assembly – we recommend using Citadel Plastic Glue and Citadel paints.

Full rules for using this gang can be found in the Necromunda: Book of the Outlands supplement.
