### Product description

## Necromunda: Luther Pattern Excavation Automata "Ambot"

Available to any gang as a Brute option, Ambots might not be subtle – but when you can reduce a fully armoured Goliath ganger to paste in moments, you don't need to be!

This kit contains two highly customisable Ambots with two distinct poses, two different heads, plus an optional melta or grav weapon if you're looking to equip your Ambot for ranged combat. With two Ambots in the set, it's great for splitting with a friend – after all, having one Ambot in a campaign is deadly enough, but two is a bloodbath.

This set is supplied in 112 plastic components and contains 2x 40mm Necromunda bases, featuring pre-sculpted industrial detail.
