Product description

Necromunda: Promethium Tanks on Cargo-8 Ridgehauler Trailer

This multipart plastic kit allows you to build a Ridgehauler Trailer with a set of Promethium Tanks, for use with a Cargo-8 Ridgehauler. You can construct this trailer with six or eight wheels, and the Ridgehauler Trailer's modular assembly options allow you to field it with a flatbed cargo bay capable of carrying gang fighters and freight goods, or with a pair of Promethium Tanks that can be built in a variety of sizes, complete with an overflow tank and a walkway that gangers can ride atop. The Ridgehauler Trailer can also be fielded with an adjustable rear coupling, allowing you to hook additional trailers onto your land train – each Cargo-8 Ridgehauler can tow up to four trailers.

The kit also includes a variety of accessories:

- 1x Crate, with a choice of two interiors
- 1x Hose
- 2x Wrenches
- 2x Blowtorches
- 1x Spanner set

This set comprises 125 plastic components, and is supplied with a Cargo-8 Ridgehauler Transfer Sheet featuring a variety of vehicular decals and gang logos. This miniature is supplied unpainted and requires assembly – we recommend using Citadel Plastic Glue and Citadel Colour paints. Note that some components are intended to be assembled without glue.

Rules for using the Ridgehauler Trailer and the Cargo-8 Ridgehauler can be found in Necromunda: Book of the Outlands.
