Product description

Necrons: Imotekh the Stormlord

This multipart plastic kit builds Imotekh the Stormlord, the supreme leader of the Sautekh Dynasty. This imposing phaeron stands tall atop a dais of unearthed Necron architecture, his billowing cloak crawling with scarab-constructs. His left hand is encased in a Gauntlet of Fire, which generates waves of viridian flame, while his right grips the Staff of the Destroyer – his dynasty's deadly icon of office. Imotekh's armoured chestplate and metal brow sport lordly glyphs of Sautekh, while other Necrontyr sigils decorate his ornate mechanical body, proclaiming his rank as ruler of an unliving empire.

This kit comprises 15 plastic components and comes with a Citadel 40mm Round Base. This miniature is supplied unpainted and requires assembly – we recommend using Citadel Plastic Glue and Citadel Colour paints.
