### Product description

## Nighthaunt: Awlrach The Drowner

This multipart plastic kit builds one Awlrach the Drowner, a unique Hero and Totem for Nighthaunt armies. Propelling his odious, decaying skiff with a deathwood oar, this ghastly figure offers a tremendous boost to his army's mobility by delivering units across the battlefield. He's also a worthy painting challenge, loaded with grisly nautical details and a variety of textures to experiment with, from rusted iron and rotting wood to vengeful, ethereal spirits.

This kit comprises 29 plastic components, and is supplied with a Citadel 80mm Round Base. This miniature is supplied unpainted and requires assembly – we recommend using Citadel paints. As a push-fit kit, this miniature can be assembled without Citadel Plastic Glue.
