## Product description

# Ogor Mawtribes: Bloodpelt Hunter

This multipart plastic kit builds a Bloodpelt Hunter, a beast-slayer of the Ogor Mawtribes. This miniature is festooned with bestial trophies attesting to his skills as a veteran tracker, from pelts and half-chewed body parts to the reptilian head he uses as a quiver. He goes barefoot to help him sneak around the battlefield, with a pair of antlers strapped to his head as camouflage, until he can use his barbed spears and crossbow bolts to bring down his prey.

This kit comprises 14 plastic components, and is supplied with a Citadel 40mm Round Base. This miniature is supplied unpainted and requires assembly – we recommend using Citadel Plastic Glue and Citadel Colour paints.
