Product description

Orks: Mozrog Skragbad

Should your Waaagh! need a Warboss as powerful as a living deff rokkit, Mozrog and his mount Big Chompa are the perfect pair to add to your army. Between Mozrog's bionics and Big Chompa's unstoppable jaws, no foe can escape unharmed. Years of arduous hunting and a stubborn attitude have also rendered Mozrog nearly impervious to damage, shrugging off wounds that would lay low even most savage Beast Snagga Orks.

This multipart plastic kit is comprised of 43 components with which you can build the Beast Snagga Orks Character Mozrog Skragbad and his squigosaur, Big Chompa. Alternatively, this kit can be assembled as a Beastboss on Squigosaur. It comes supplied with one 80mm Citadel Round base. This miniature is supplied unpainted and requires assembly – we recommend using Citadel Plastic Glue and Citadel paints.
