Product description

Orruk Warclans: Zoggrok Anvilsmasha

This multipart plastic kit builds Zoggrok Anvilsmasha, a famed orruk ironsmith accompanied by Klonk, his pet rockbrow squig. Zoggrok wades into battle with his skull-crushing basha, a weighty hammer that's good for pounding on metal and faces alike. He can also be armed with a set of sharp-toothed grunta-tongs, or a ward-smashing choppa that shatters protective charms. He wears a metalworking apron over his heavy armour, laden with tools, and even his jaw features a crude metal prosthetic of Zoggrok's own making.

Klonk joins Zoggrok in both fights and the forge, using its hardened, scale-plated, curiously-shaped skull to ram foes... or provide an impromptu anvil.

This kit comprises 20 plastic components, and comes with a Citadel 50mm Round Base and a Citadel 25mm Round Base. This miniature is supplied unpainted and requires assembly – we recommend using Citadel Plastic Glue and Citadel Colour paints.
