Product description

Seraphon Army Set (English)

The Seraphon strive tirelessly to advance the Great Plan of the Old Ones, returning true order and balance to realms tainted by the Dark Gods. Guided by ancient amphibian mages who shape reality itself with their magics, the armies of the Seraphon see cold-blooded saurians and ferocious reptilian beasts fight together as a single potent force – a fusion of predatory violence and esoteric cosmic power that few can withstand.

Commanded from atop a floating palanquin by a customisable Slann Starmaster – a wizard of immense age and might, carrying technology wrought by long-lost gods – this army set makes a perfect foundation for your Seraphon army, and a great way for existing collectors to expand their force with brand new miniatures. A cohort of brutal Saurus Warriors guard their ancient master with savage instincts and fierce strength, while cunning skink cavalry races up the flanks atop swift pack-predators – tossing deadly javelins as Raptadon Hunters or wielding arcane stave-lances as Raptadon Chargers.

Also included is an exclusive launch edition of Battletome: Seraphon, filled with rules, lore, and stunning artwork, featuring a soft-touch cover, teal ribbon marker and gold gilt page edges. Going to battle with your reptilian collection is made even simpler by an exclusive set of warscroll cards, enhancement cards, and tokens that will help you carry out the Great Plan – all only available in this boxed set.

This set includes the following multipart plastic miniatures:

- 1x Slann Starmaster
- 10x Saurus Warriors
- 10x Raptadon Hunters, which can alternatively be built as Raptadon Chargers

This set also includes the following items, which are exclusive to this box:

- Battletome: Seraphon (Launch Edition) – 120-page hardback book with an exclusive variant soft-touch cover, gold foil blocking, gold gilt page edges, and a teal ribbon page marker
- Warscroll Cards: Seraphon – 35 exclusive cards detailing every unit and terrain piece available to the Seraphon
- Enhancement Cards: Seraphon – 52 exclusive cards detailing the command traits, artefacts, spells, heroic actions, and monstrous rampages of the Seraphon
- Seraphon Token Sheets – 60 exclusive double-sided tokens for tracking your spells, abilities, cosmic power points, grand strategies, battle tactics, and more

All models are supplied with their appropriate bases. These miniatures are supplied unpainted and require assembly – we recommend using Citadel Plastic Glue and Citadel paints.

The warscroll cards, enhancement cards, and token sheets detailed above are exclusive to the Seraphon Army Set, and will not be available separately at a future date.

The battletome contains a one-use code to add the book to your digital library in Warhammer Age of Sigmar: The App.
