### Product description

## Seraphon: Kroxigor Warspawned

This multipart plastic kit builds three Kroxigor Warspawned – hulking Seraphon with a fearsome crocodilian aspect. Each Warspawned wields a formidable drakefang war-pick, and one can instead be armed with an ornate starfang war-pick. The kit offers a wealth of customisation options – every model has a choice of two arm poses to swing its massive weapon, and the kit includes three distinct war-pick heads and five bony tail tips that can be used with any Warspawned, as well as a variety of necklaces and scenic base elements.

This kit can alternatively build three Kroxigor, powerful labourers armed with heavy mauls.

This kit comprises 128 plastic components, and comes with three Citadel 50mm Round Bases. These miniatures are supplied unassembled and unpainted – we recommend using Citadel Plastic Glue and Citadel Colour paints.
