Product description

Seraphon: Skink Starseer

This multipart plastic kit builds a Skink Starseer – an arcane astrologer riding atop a floating palanquin. The kit can build a Starseer in two different poses – one standing in a feathered cloak, and the other sat down with robes pooling around them. Both varieties carry an astromancer's staff with a choice of two orrery-heads, and the kit offers a choice of priestly headresses and ornamental collars.

The palanquin also includes cosmetic build options, allowing you to choose between two different constellation-displays and two different inner irises for the astrological ring, as well as a pristine side-panel or a vine-choked carving connected to a scenic base element.

This kit comprises 47 plastic components, and comes with a Citadel 50mm Round Base. This miniature is supplied unassembled and unpainted – we recommend using Citadel Plastic Glue and Citadel Colour paints.
