### Product description

## Seraphon: Spawn of Chotec

This multipart plastic kit builds a Spawn of Chotec accompanied by three Sun Acolytes – an acid-spitting beast and its skink tamers. Coated in scales and fins with Old One technology visibly implanted in its skull, the Spawn of Chotec is a striking creature – and the kit includes cosmetic options to make each one into a unique beast. You'll find two different necks, two different head-fins, and two heads with open or closed jaws.

Each of the Sun Acolytes has a distinctive crest resembling the sunburst of Chotec – two carry pronged celestite goads and pouches of aqthracite crystal, with interchangeable heads and crests, while the third carries a sacred staff with a choice of two holy icons.

This kit comprises 43 plastic components, and comes with a Citadel 90x52mm Oval Base and three Citadel 25mm Round Bases. These miniatures are supplied unassembled and unpainted – we recommend using Citadel Plastic Glue and Citadel Colour paints.
