Product description

Skaven: Stormfiends

This multipart plastic kit makes three Stormfiends that can be assembled with a variety of weapon options. The three Stormfiends each have a unique pose, and warpstone armour that is different for each model. They are covered in all manner of pipes, cables, stitched skin and runes.

Any miniature has the option to be armed with a pair of one of the following: ratling cannon, grinderfists, doomflayer gauntlets, shock gauntlets, warpfire projectors or windlaunchers.

The Skaven Stormfiends have 101 components and are supplied with 3x 60mm round bases and 3x 50mm square bases.
