Product description

Slaves to Darkness Army Set

Led by a mighty and hugely customisable Daemon Prince – once a devoted mortal champion of Chaos, whose actions earned him elevation to immortal daemonhood – this army set makes the ideal foundation for your Slaves to Darkness force. Following in the wake of their daemonic master are the Chaos Chosen – armoured veterans of slaughter that form the inner circle of the mightiest warbands – backed up by the powerful Ogroid Theridons, inhuman shock troops wielding mighty weapons. All of these models are brand new, and available here for the first time.

Also included is a spectacular and exclusive launch edition of Battletome: Slaves to Darkness, plus an exclusive set of warscroll cards, enhancement cards, and tokens to help you bring ruin to the Mortal Realms – all only available in this boxed set.

The set includes the following multipart plastic miniatures:

- 1x Daemon Prince
- 10x Chaos Chosen
- 3x Ogroid Theridons

Also included:

- **Battletome: Slaves to Darkness** - 128-page hardback book with a limited edition variant soft-touch cover, gold foil blocking, gold gilt page edges, and a red ribbon page marker
- **Warscroll Cards: Slaves to Darkness** - 54 exclusive cards detailing every single unit and Endless Spell in the Slaves to Darkness
- **Enhancement Cards: Slaves to Darkness** - 28 exclusive cards detailing the command traits, artefacts, spells, and ensorcelled banners of the Slaves to Darkness
- **Slaves to Darkness Token Sheets** - 68 exclusive double-sided tokens for tracking your spells, abilities, grand strategies, battle tactics, and more

All models are supplied with their appropriate bases. These miniatures are supplied unpainted and require assembly – we recommend using Citadel Plastic Glue and Citadel paints.

The warscroll cards, enhancement cards, and token sheets detailed above are exclusive to the Slaves to Darkness Army Set, and will not be available separately at a future date.
