Manufacturer	Games Workshop

Product description

Slaves to Darkness: Ogroid Theridons

This multipart plastic kit builds three Ogroid Theridons – ferocious warriors who loom above most mortal soldiery. Each Theridon can be armed with your choice of brutal weaponry – either a two-handed goroan great axe, or a goroan falchion and shield. The kit also includes components to build one model as a Thorakon champion with a unique shield boss, and to assemble the other two models as a proud Banner Bearer and a horn-blowing Charge-caller musician.

You'll find plenty of cosmetic options to mix up your Ogroid Theridons – the kit's shields, pauldrons, and axe heads are entirely interchangeable, as are the five different faces and five sets of horns. There are also five Chaotic sigils – for Khorne, Tzeentch, Nurgle, Slaanesh, and Chaos Undivided – to adorn the Thorakon's armour, and another five you can choose from to cap the Banner Bearer's standard.

This kit comprises 96 plastic components, and is supplied with 3x Citadel 50mm Round Bases. These miniatures are supplied unpainted and require assembly – we recommend using Citadel Plastic Glue and Citadel Colour paints.
