## Product description

# Space Marines: Assault Intercessors

Assault Intercessors are the perfect Troops choice unit for players who favour more aggressive strategies (or simply like to charge every enemy in sight!), where they can put their brutal close-range wargear to deadly use.

This multipart plastic kit contains the components necessary to assemble a set of 10 Assault Intercessors. The models can be assembled as either a 10-man squad, a squad of 9 Assault Intercessors with a Sergeant or 2 separate 5-man squads, each with a Sergeant of their own. They are each armed with an Astartes chainsword and heavy bolt pistol.

There are additional components in the kit that enable you to upgrade your Sergeant models with unique heads, a helmet mag-locked to their belt, and unique tilting plates to help them stand out. Your Sergeants can also each be equipped with a choice of specialist wargear, including a power sword, power first or thunder hammer instead of their Astartes chainsword, and a hand flamer or plasma pistol in place of their heavy bolt pistol.

This kit is supplied with 10x Citadel 32mm Round Bases and an Ultramarines Transfer Sheet.
