Space Marines: Heavy Intercessors

Heavy Intercessors are the final say in defensive warfare. Look no further than this super-tough Troops choice to hold objectives, all the while laying down long-range fire with a variety of heavy bolt rifles and heavy bolters.

This 120-part plastic kit makes five Heavy Intercessors and is supplied with five Citadel 40mm Round Bases. The entire squad can be equipped with heavy bolt rifles, Hellstorm bolt rifles, or Executor bolt rifles, and a single member can be upgraded to carry a heavy bolter, Hellstorm heavy bolter, or Executor heavy bolter. The box also includes a Space Marines transfer sheet.
