### Product description

## Stormcast Eternals: Annihilators with Meteoric Grandhammers

This multipart plastic kit comprises 56 components, with which you can build three Annihilators with Meteoric Grandhammers. Each miniature can also be given helmeted or unhelmeted heads. They can alternatively be assembled as standard Annihilators with meteoric hammers and shields.

With this kit, there is also the option to build an Annihilator-Prime. This kit comes supplied with three 50m Citadel Round bases. These miniatures are supplied unpainted and require assembly – we recommend using Citadel Plastic Glue and Citadel paints.
