### Product description

## Stormcast Eternals: Lord-Ordinator Vorrus Starstrike

This multi-part plastic kit contains the components necessary to build Lord-Ordinator Vorrus Starstrike. He comes clad in impressively ornate sigmarite armour – slightly less than most Stormcast Eternals, as his arms are bare between the gauntlets and his lion-and-hammer-motif shoulder pads. He wears a large textured tabard over his chest plate, which extends to a cloak at the rear, held fast by a belt featuring engineering and siege equipment – guides, measuring devices and a ratchet/wrench mechanism hang from his hips. Vorrus wears no helmet – instead, we're treated to a view of his glorious facial hair, which frames his stern expression perfectly. Behind his head is an arcanabulum, and topping off the symbolism nicely is an anvil and pair of callipers on his belt. Weaponry-wise, he carries 2 astral hammers, one in each hand – these feature relatively short handles for a Stormcast Eternals hammer, but are no less potent for it.

Vorrus Starstrike comes as 9 components, and is supplied with a Citadel 40mm Round base.
