Product description

Thousand Sons: Magnus The Red

This multi-part plastic kit contains the components necessary to assemble Magnus the Red, Daemon Primarch of Tzeentch. An imposing winged model whose size is appropriate to his power, he comes with a selection of 3 different faces (cyclopean, open helm and closed helm), is clad in armour dating from before the dark days of the Horus Heresy and has an array of modelling options: accessories include magical tomes, scrolls and daggers. He's armed with the frankly ostentatious Blade of Magnus, modelled as a choice of glaive or sword. Supplied with a Citadel 100mm Round based, and a crushed Space Wolf Dreadnought for a base detail!
