Product description

Tomb Kings of Khemri: Tomb King/Liche Priest on Necrolith Bone Dragon

This multipart plastic kit builds a Tomb King or Liche Priest mounted on a Necrolith Bone Dragon. This terrifying centrepiece is the jewel of any Tomb Kings of Khemri army, dominating both battlefields and display cabinets. The Tomb King stands atop a grand, chariot-like platform on the Bone Dragon's back, and can be armed with a one-handed khopesh, an imposing great weapon, or a pronged cavalry spear. The Liche Priest instead sits on an ornate throne decorated with Mortuary Cult iconography, brandishing a ritual staff as they conjure a spectral vulture.

If this kit is used to build a Liche Priest on Necrolith Bone Dragon, the Tomb King model can instead be assembled separately on foot, armed with a flail and using the additional base provided. The kit includes a shield arm and alternative cloak for building the monarch in this way.

This kit contains 96 plastic components, 1x Citadel 100x150mm Rectangular Base, and 1x Citadel 25mm Square Base. This miniature is supplied unpainted and requires assembly – we recommend using Citadel Plastic Glue and Citadel Colour paints.
