Producer code	99120106066
EAN	5011921200313

Product description

Tyranids: Termagants

This multipart plastic kit builds 10 Termagants, as well as a Ripper Swarm to expand your chitinous tide. Each Termagant can be armed with your choice of three biological armaments – a compact fleshborer, beetle-infested devourer, or paired spinefists. The kit also includes special weapon options for three of the Termagants – one can be armed with an explosive shardlauncher, one with a long-barrelled spike rifle, and one with a mucous-spewing strangleweb.

This kit comprises 79 plastic components, and comes with 10x Citadel 28.5mm Round Hex Hole Bases, and a Citadel 40mm Round Hex Hole Base. These miniatures are supplied unpainted and require assembly – we recommend using Citadel Plastic Glue and Citadel Colour paints.
