Product description

Vampire Team - Double-sided Pitch and Dugouts Set

The hard stone floors can make for a rough landing but, occasionally, a soft luxurious carpet will break the fall of those on the receiving end of a bone-shuddering tackle, although these games are held inside, there are still plenty of chances for games to be disrupted.

One side shows the stunning castle floor with luxurious fabrics and numerous candles, while the flip side shows the pitch ablaze after the candles have burned the Vampires' coffins and the chandelier has collapsed on the carpet – must have been a fang-tastic party!

You'll also find a pair of matching double-sided dugouts to complete the theme. Each dugout features score, turn, and re-roll trackers, plus Reserves, Knocked-out, and Casualty boxes. Rules for using each side of the pitch in your games of Blood Bowl are included – these rules can also be found in Spike! Journal: Issue 16, which is sold separately.
