Product description

Vanguard: Ossiarch Bonereapers miniatures set

The Ossiarch Bonereapers are one of the Great Necromancer Nagash's greatest achievements – an elite army of soldiers, crafted from the bones and souls of the dead. These terrible constructs are efficient, loyal, and inexorable, and they grow stronger with every enemy army they defeat, harvesting their very bone-matter in death.

If you seek to impose the perfection of death upon the Mortal Realms, this box is the perfect way to start a new Ossiarch Bonereapers army – or expand an existing collection – and saves money compared to buying the kits individually. An arcane Mortisan Soulreaper leads a large block of disciplined Morteck Guard as your Battleline, supported by fast-moving Kavalos Deathriders and a massive Gothizzar Harvester to dismantle the toughest opposition. It's a full army in a box, leaving you ready to seize the bone-tithe in games of Warhammer Age of Sigmar.

This set includes the following multipart plastic models:

- 1x Mortisan Soulreaper
- 1x Gothizzar Harvester
- 5x Kavalos Deathriders
- 20x Morteck Guard

All models are supplied with their appropriate bases.

These miniatures are supplied unpainted and require assembly – we recommend using Citadel Plastic Glue and Citadel paints.
