### Product description

## Vanguard: Seraphon

If you wish to wield ancient, cold-blooded power to cleanse the taint of Chaos from the Mortal Realms, this box is the perfect way to start a new Seraphon army – or expand an existing collection – and saves money compared to buying the same kits individually. A cohort of brutal Saurus Warriors armed with spears or spiked clubs makes up the bulk of the force, alongside a pack of fearsome Kroxigor. At the hand of this reptilian warband is a venerable Saurus Oldblood, sat atop a hulking Carnosaur. It's a full army in a box, leaving you ready to pursue the Great Plan in games of Warhammer Age of Sigmar.

#### **This set includes the following multipart plastic models:**

- 1x Saurus Oldblood on Carnosaur with 1x Saurus Oldblood on foot, which can also be built as a Skink Oracle on Troglodon with a Saurus Oldblood on foot, or a Saurus Scar-Veteran on Carnosaur
- 3x Kroxigor, which can alternatively be built as Kroxigor Warspawned
- 10x Saurus Warriors

All models are supplied with their appropriate bases.

These miniatures are supplied unpainted and require assembly – we recommend using Citadel Plastic Glue and Citadel Colour paints.
