## Product description

# Warcry: The Jade Obelisk

This multipart plastic kit builds a full warband of the Jade Obelisk, for use in games of Warcry. Led by a dagger-wielding Nephrite Priestess, these destructive zealots don thick robes and heavy armour, wearing jade masks to hide their transforming faces. They are armed with a variety of weapons that can be used to tear down idols or slay enemy fighters with equal proficiency. These miniatures can also be used as part of a Disciples of Tzeentch army in games of Warhammer Age of Sigmar.

### This set contains 10 plastic miniatures:

- 1x Nephrite Priestess
- 1x Obelisk Bearer
- 1x Idolarc
- 3x Desecrators, who can be armed with either iconoclast warpicks or statue-smasher hammers
- 4x Defacers, who can be armed with antithete bows or stonecutter tools.

### This set also includes:

- An abilities card for The Jade Obelisk, to help unleash this warband's destructive tactics in your games of Warcry (in English, French, Italian, German, Spanish, Chinese, Japanese, and Russian)
- 7x fighter cards for The Jade Obelisk, for viewing your rules at a glance
- 2x wound divider cards for tracking your fighters in battle

This kit comprises 83 plastic components, and is supplied with 5x Citadel 32mm Round Bases and 5x Citadel 28.5mm Round Bases. These miniatures are supplied unpainted and require assembly – we recommend using Citadel Plastic Glue and Citadel Colour paints.
