Product description

Warcry: Vulkyn Flameseekers

This multipart plastic kit builds a full Vulkyn Flameseekers warband, for use in games of Warcry. These devout duardin are led by a Vulkyn Runefather, who inspires his Scalebreaker warriors to unleash the fiery wrath of Vulcatrux with an array of fyresteel war picks and shovel-like polearms. The warband's Drothmaster is charged with training young Kyndledroths – whose fiery breath belies their size – while the scale-clad Drothblood Thane slays those Magmadroths too furious to be tamed.

This set contains 9 plastic miniatures:

- 1x Vulkyn Runefather, who can be armed with a drothvault greataxe or a mastercrafted bokaz
- 1x Drothmaster
- 1x Kyndledroth
- 1x Drothblood Thane
- 5x Scalebreakers, who can each be armed with a fyresteel splitaxe or a bokaz

This set also includes:

- A Vulkyn Flameseekers abilities card, for quick referencing in games of Warcry (in English, French, Italian, German, Spanish, Chinese, and Japanese)
- 7x Vulkyn Flameseekers fighter cards, for checking your rules and stats at a glance
- 2x Warcry wound divider cards, for tracking damage done to your fighters in battle

This kit comprises 72 plastic components, and comes with 5x Citadel 32mm Round Bases, and 5x Citadel 28.5mm Round Bases.

These miniatures are supplied unpainted and require assembly – we recommend using Citadel Plastic Glue and Citadel Colour paints.
