### Product description

## Warhammer 40,000 Kill Team: Corsair Voidscarred

This multipart plastic kit allows you to build 10 Corsairs, cunning Aeldari pirates armed with esoteric wargear. These miniatures can be used as Corsair Voidscarred operatives in games of Kill Team, or fielded with Aeldari and Drukhari armies in games of Warhammer 40,000 as a unit of Corsair Voidreavers or Corsair Voidscarred. This eclectic group of rogues contains one Felarch and nine Corsair Voidscarred, each of which can be equipped with a variety of weapons, heads, and accessories, or assembled as specialists for your Kill Team – including the Way Seeker, Soul Weaver, Shade Runner, and more.

This set comprises 159 plastic components, and is supplied with 10x Citadel 28.5mm Round Bases. Also included is a Craftworld Transfer Sheet featuring 379 Aeldari glyphs and markings. These miniatures are supplied unpainted and require assembly – we recommend using Citadel Plastic Glue and Citadel paints.
