Product description

The Horus Heresy: Blood Angels Dominion Zephon miniature

Released as part of the Black Library Celebration 2022, Dominion Zephon leaps into battle with the aid of bionics designed by Arkhan Land, his jump pack and armour resplendent in Blood Angels motifs. He is armed with his greatsword, The Spiritum Sanguis, and twin volkite pistols, named Lament and Grief. His rules are available to download for free from the Warhammer Community website, letting you add the Bringer of Sorrows to your Blood Angels battle hosts.

This kit comprises 24 plastic components with which you can assemble Dominion Zephon. It is supplied with 1x Citadel 40mm Round Base. This miniature is supplied unpainted and requires assembly – we recommend using Citadel Plastic Glue and Citadel paints.
