Product description

Warhammer: The Horus Heresy - Legiones Astartes Battle Group

Start a new Legiones Astartes army or easily add to an existing one with this packed boxed set. It includes 30 Space Marine Legionaries, a Deredee Dreadnought, and a mighty Land Raider Proteus for you to unleash on the battlefields of the Age of Darkness.

The 30 Space Marine Legionaries included are clad in MKIII 'Iron' power armour and come with numerous options for you to personalise your squads. You can also add some extra firepower by converting your troops into Legionary Support Squads, thanks to the Legion Special Weapon frame included.

Back up your infantry with the awesome firepower of the Deredee Dreadnought – Anvilus Configuration. You can assemble it with either an infantry-shredding anvilus autocannon battery or an armour-rendering hellfire plasma cannonade.

You can also get your troops where they need to be with the Land Raider Proteus, which you can assemble as either a Land Raider Proteus Carrier, with a frontal assault ramp for delivering your infantry, or a Land Raider Proteus Explorer, with a dozer blade for traversing broken terrain.

There are two Legiones Astartes Infantry Transfer Sheets included, along with two Legiones Astartes Vehicle Transfer Sheets. These transfer sheets each offer you a selection of optional markings and iconography for the Sons of Horus and Imperial Fists Legions.

This set includes the following:

- 30x MKIII 'Iron' Pattern Power Armour Space Marine Legionaries
- 1x Deredee Dreadnought – Anvilus Configuration
- 1x Land Raider Proteus
- 2x Legiones Astartes Infantry Transfer Sheets
- 2x Legiones Astartes Vehicle Transfer Sheets
- 1x Legion Special Weapons Frame including 5 plasma guns, 5 volkite chargers, 5 volkite calivers, 5 flamers, 5 meltaguns, and 5 rotor cannons

This multipart plastic kit contains 927 plastic components, and is supplied with 30x Citadel 32mm Round Bases, 1x Citadel 80mm Round Base, two Legiones Astartes Infantry Transfer Sheets, each containing 293 transfers, and two Legiones Astartes Vehicle Transfer Sheets, each containing 44 transfers.

These miniatures are supplied unpainted and require assembly – we recommend using Citadel Plastic Glue and Citadel Colour paints.

You will need a copy of the *Warhammer: The Horus Heresy – Age of Darkness Rulebook* and either the *Liber Astartes: Loyalist Legiones Astartes Army Book* or *Liber Hereticus: Traitor Legiones Astartes Army Book*, which are available separately, to make full use of these models.

The miniatures in this set are also available separately.
