Product description

World Eaters: Lord Invocatus

This multipart plastic kit builds Lord Invocatus – a legendary warlord of the World Eaters Legion. This mysterious figure is mounted atop his mighty juggernaut Khal'guruth, Steed of the Burning Sky, and wields a pair of signature weapons – a bolt pistol called Trickster's Doom, kept holstered at his waist, and a peerless chainaxe dubbed Coward's Bane. His ornate armour bears all the signs of Khorne's hellish favour – from the sigils of Chaos to his biomechanical daemonic helm.

This kit can alternatively build a World Eaters Lord on Juggernaut.

This kit comprises 66 plastic components, and is supplied with a Citadel 90x52mm Round Bases. This miniature is supplied unpainted and requires assembly – we recommend using Citadel Plastic Glue and Citadel Colour paints.
